

NEVADA CONCEALED HANDGUN TRAINING STANDARDS

The Nevada Sheriffs and Chiefs Association (NVSCA) establishes the minimum training standards required for the issue and renewal of carry concealed handgun permits (CCW) and the minimum standards required to become an instructor for concealed handgun permits

Authority for the NVSCA to establish these standards is provided in Nevada Revised Statute 202.3657

The following standards are the minimum required for the course of instruction which must be obtained prior to an individual applying for a CCW permit, or prior to the renewal of a permit.

V. INSTRUCTOR QUALIFICATION and APPROVAL

A person interested in becoming an authorized CCW instructor in the state of Nevada shall submit a resume of their training and experience, along with a comprehensive lesson plan to the Sheriff in the county in which they intend to teach. A person is not required to submit a lesson plan to each Sheriff in every county they intend to teach, but as a guideline the application should be to the Sheriff in the county in which most of their training will be conducted.

The Sheriff receiving the application package will ensure the instructor and lesson plan meet the standards set by the NVSCA. If the person is approved as an instructor by one Sheriff within the state of Nevada then all other Nevada Sheriffs must recognize that person as an approved instructor.

Potential instructors will be considered on their individual merits. The information that must be submitted to a Sheriff, and the individual requirements to be an instructor are as follows:

- Certification in firearms training, and a comprehensive resume of the individuals experience in firearms and firearms instruction. Certification in training can come from the NRA, U.S. Military, law enforcement, or other national firearms or shooting organizations.

Note: If a potential instructor is going to solely use NRA certification they must possess the certificate and valid instructor card for "Personal Protection Outside the Home."

- A detailed lesson plan which accounts for the minimum course length and standards adopted, which includes, but is not limited to: instruction in the use of revolvers, semiautomatic handguns, the laws of this State relating to the use of a firearms and concealed carry of firearms, liability, and gun safety. The lesson plan should include a copy of the course certificate and all relevant handouts and student learning materials.
- A business license in the city or county where instruction will be given (if applicable.)
- Any individual applying to be an instructor is not required to possess a Nevada CCW, but they **must be eligible** to obtain a Nevada CCW. This will include signing a waiver that acknowledges and permits the Sheriff to conduct a criminal records check.

Acceptance or denial of an instructor application rests with the Sheriff who receives the application package.

VI. INSTRUCTOR DISQUALIFICATION

In the event an instructor is found to have violated any provisions set forth in federal, state, local law, or standard from the NVSCA it will be grounds to disqualify the person as an approved CCW instructor. The procedure for the disqualification of an instructor is as follows:

- When an instructor is found to have violated NVSCA standards, federal, state, or local law the finding Sheriff or CCW staff will document the incident(s) and send it to the NVSCA CCW Sub-Committee Chairman with the request the chairman take action.
- The Chairman will forward the packet to the committee members who will discuss the matter and examine the facts. Following this review the committee will vote on whether or not to disqualify the instructor. The voting results will be forwarded to the Chairman.
- If less than a majority of committee members vote for disqualification the instructor will remain approved and the Chairman will take no further action.
- If a majority of the committee members vote for disqualification the Chairman will take the vote under advisement and make the final decision. If the Chairman determines the instructor will remain qualified that decision will be relayed to the committee members and no further action will be taken.
- If the Chairman elects to disqualify the instructor a letter will be sent to the instructor informing him/her of their disqualification and the reasons for the disqualification. The letter will also explain that the instructor may appeal the Chairman's decision, in writing, back to the Chairman.
- The Chairman will forward the disqualification and appeal to three uninvolved Nevada Sheriffs, who will discuss the matter and vote to uphold the disqualification or honor the appeal. Their vote will be communicated in writing to the Chairman who will notify the instructor. This panel of Sheriffs decision will be final.
